

### 8X External Blu-ray Drive

Offering unsurpassed 8x Read/Write speeds, the MediaStation 8X External Blu-ray Writer is the fastest on the market. Ideal for users who want optimal playback performance of Blu-ray discs, DVDs, or CDs on their PCs. The MediaStation 8X External Blu-ray Writer will install easily with an easy setup and a SATA connection. The MediaStation also includes Cyberlink software suite for Windows with DVD Up-Sampling, allowing consumers to view DVDs in near HD quality. The MediaStation is also a great solution to periodically backup and archive your data, preventing content from being altered or erased in the event your system is attacked by a virus or other malware.
