

- Secure, Accessible Storage
- Remote Access Anywhere
- Easy, Secure Sharing
- No Service Contracts or Fees

## Simple Cloud Accessible Storage

CloudStor™ goes beyond simple home storage. As a personal storage solution designed with you in mind, it is your portal to freely access and share your data, photos, videos, music and much more with anyone, anywhere over the Internet. And because none of

your data resides in the cloud, CloudStor is your secure solution to easily store and share digital assets with no service or capacity fees. With apps for mobile devices, you'll always be seconds away from your content. Whether you're at home, the office or on the road, your user experience remains the same. It looks and operates just like a hard drive on your PC or Mac. CloudStor can even integrate with Facebook and Twitter for easy sharing to popular online services. CloudStor is that easy. Just plug it in, turn it on and create your free account at [mycloudstor.com](http://mycloudstor.com).
