

USB 2.0, FireWire, eSATA High Speed Storage

HD-HSQ

Designed with universal connectivity in mind, the DriveStation Combo 4 is equipped with four interfaces for speed, compatibility and convenience. USB 2.0 offers a standard connection for every computer, while FireWire 400/800 provides faster speeds, perfect for Mac users and for graphic design and photo and video editing. Also available is an eSATA connection for high-speed data transfers, making it one of the fastest and most versatile external storage solutions on the market today.

DriveStation Combo 4 is a stylish yet powerful addition to your work space or home office, designed for Mac and PC users who need a flexible connection and fast data transfer and throughput speeds. With 4 ways to connect, users can transfer and store tons of digital content at blazing speeds. The drive also features a sleek silver chassis and near silent operation, so users can stack multiple drives or position them upright to save desktop space.

4 Connection Types

USB 2.0
FireWire 400
FireWire 800
eSATA
